

THE GLEICHEN CALL

VOLUME XXXI No. 52

GLEICHEN, ALBERTA, WEDNESDAY MARCH 15, 1939

SUBSCRIPTION \$2.00 PER YEAR

COUNCIL INFORMED ROYAL TRAIN WILL NOT STOP HERE

A regular meeting of the town council was held with Mayor J. A. Menard in the chair and Councillors T. C. Brown, D. MacDonald, W. E. Thompson, P. Deshayes, L. Michael and J. H. Wright present.

It was noted that the assessment of land including buildings and improvements made in the year 1938 is valid for the year 1939, subject to the right of appeal and the secretary-treasurer was appointed assessor to assess all parcels and improvements, which did not appear on the assessment roll of the previous year.

In accordance with the desire that the train conveying their Majesty should stop in Gleichen in order that the school children might have an opportunity of seeing them a representative committee of the various organizations in town at a meeting had drafted a letter and sent it to the governments of the province and the Dominion putting forth the request that the train either come to a stop at Gleichen or proceed at the most reduced speed possible through town.

A letter had been received from Ottawa regarding that the request could not be granted. The mayor acting on behalf of the committee to investigate the condition of the Gleichen Hotel reported that it was in such a condition that it would be practically impossible to use this building for habitation. The first place it would have to be repaired in order to light it as the present wiring was not up to the present code. Some fixtures had been removed and it would require considerable expense to put it anywhere in shape for use and it was considered absolutely unsafe as a residence proper. If the hotel building were removed it might be used for the present shop.

A list of water pressures taken recently was read and showed an average pressure all over of approximately 28 pounds.

In accordance with the resolution giving the water works committee power to act in securing all details in connection with the water system a letter had been written to the Calgary Power Co. to ascertain the possibility of their acquiring the water works system and information as to their rates to consumers and whether they purchase it. A letter was read from the company stating that they find it impossible to consider the matter.

The problem of putting the water-works back in repair was discussed in many angles. The question arose as to the possibility of procuring a loan under the Municipal Improvements Act, which would allow the water works back in repair and at the same time extending it over the whole of the town where found possible to do so. As this matter would require considerable study and preparation it was suggested that a committee be appointed to investigate the physical details and another committee to look into the financial details of the proposal. It was finally decided that the finance and waterworks committee would look into the matter, financial and other wise of the proposed project and report to the mayor at a meeting and a special meeting be called.

A letter had been received from the Calgary relief office stating that a former Gleichen family had applied for relief. As this family was a responsibility of this town the letter found possible to do so. As this matter would require considerable study and preparation it was suggested that a committee be appointed to investigate the physical details and another committee to look into the financial details of the proposal. It was finally decided that the finance and waterworks committee would look into the matter, financial and other wise of the proposed project and report to the mayor at a meeting and a special meeting be called.

A provincial relief recipient had applied to the town for relief, owing to his having been notified to vacate the house now occupied by him. He was told there was no vacant houses in town and would have to go some of the nearby towns to find a house. A by-law to amend the zoning by-law and take into consideration limits certain lots was given a couple of readings and passed in accordance. This by-law will get its final reading when the government officials have put their stamp of approval on it.

Gummers Hold Southern Alberta Hockey Championship

The Gummers hold the hockey championship of Southern Alberta, thus bringing the Morgan Cup back to Gleichen. Years ago the Morgan Cup was won by the Gummers. Later it was taken from them by some other team and since that time it has wandered over the province. Friday and Saturday of last week the Gummers tried to win the provincial championship by playing the Edmonton Juniors. The Edmonton boys won the first game here 4-1 and the second in Calgary 3-2 or a total of 7-3 for the round. The best team, Wascana night the Edmonton team showed they were right smart and had speed to burn.

For the Gummers to turn out to be a championship team and win up in the finals for the province was a surprise to themselves and their friends. No one ever thought of such a possibility last fall. At that time the outlook for hockey in Gleichen was very gloomy. Players moved away and there wanted to retire. Game check-ers time. T. Brown was elected manager of the Gummers. Brown Brothers arrived from Arrowood and played a few more games. Time went by and the boys rolled up an impressive record of victories and into the playoffs they went. A few of the faithful figured it out that the way the boys were playing they would win the championship of Southern Alberta. The prediction was borne out.

Some 10 or 14 years ago the Gummers went into the playoffs against Medicine Hat. The referees was from

After discussing a letter from the Institute of the Blind, transferring a pool room license, receipts and expenditure for the month of February, stating the necessary evidence for the 'Bingman case which comes up before the appeal court soon, and an application for relief, the council adjourned.

The estimates for this year will be discussed at the next meeting.

OBITUARY

After an illness of several weeks the infant son of Mr. and Mrs. Hugh James, died in a Calgary hospital last afternoon. Following St. Andrew's church was a friend with sorrowing relatives and friends when the funeral service was held with Rev. J. W. House and C. Lang officiating. Interment was made in the family plot in Gleichen cemetery. Among the floral offerings the following were noted: James family; Hasakany family; aunts, uncles and cousins of T. Brown; the Bates family; Mr. and Mrs. H. Hunter C. M. and T. C. Brown; Mr. and Mrs. J. Robinson; Mr. and Mrs. J. Bollinger; Mr. and Mrs. Rodominski; Mr. and Mrs. R. Hunter; Mr. and Mrs. Ostrander; Mr. and Mrs. M. Bollinger and Elmer; Mr. and Mrs. Short; Miss and Mrs. J. W. Reid; Mr. and Mrs. De-foe; Mr. and Mrs. R. Brown; Mr. and Mrs. Bondi; Mr. and Mrs. Gorrell; Gleichen Old Timers; Mr. and Mrs. Goodwin; Mr. R. Clifford and Rinker; Mr. and Mrs. R. Wilson; Women's Old Timers; Miss McConnell and Jean; Mr. and Mrs. R. D. Dwyer and family; Mr. and Mrs. D. James and Audrey; Mr. and Mrs. W. McKay; Jack Jolly and Uncle Tommy; Uncle Nabe and family; Beynon; Mr. and Mrs. R. B. Hayes; Mr. and Mrs. Menard and family and Miss W. Leggett; Mr. and Mrs. Ramsey; Mr. and Mrs. W. Brown; H. Myers; St. Andrew's W.A.; Rachel, Tom and Teddy.

UNITED GRAIN GROWERS WANT 80c WHEAT MAINTAINED

The Board of Directors of United Grain Growers Limited met in Winnipeg in special session, to consider the announcement of government

the flat. Gleichen lost and to this day the Gummers say the game was stolen. They swore then that at any future playoff only outside referees would handle the game and they have stuck to that decision. Came Friday Pete Sand of Calgary was to be the referee so far as the local club knew, but when the game began Townsend of Edmonton was on the ice, having come with the Capitals. He said he was senior referee.

Before the first period was over the Edmonton referee was in wrong. The Gummers were kicking and kicking hard, but could not do anything about it. As the game progressed the crowd

became sullen and angry but said little. Townsend was always blowing his whistle to hold back the Gummers but not to Edmonton. If a scramble took place around the Edmonton net his whistle went in a hurry but if the scramble was at the Gleichen net he let the play go on and in one of these scrambles and Edmonton player pulled the puck out from under the Gummers and flipped it over the goal into the net. After the game's end we saw the Amateur Association officials demanding that this game be n-game and that the game Saturday night be a sudden death affair. The Edmonton officials were back that the score counted, and he appointed Townsend and the same man who refereed the game under the Gummers to stay at home and not leave town until the referee question was settled, and thus outside referees only should handle these games. It was around supper time the Gummers finally got orders to proceed to Cal and that outside referees would handle the game and the score of the night before would count. Thus end of a hectic day in town.

policy relating to wheat, made by the Minister of Agriculture on February 10th, and at the close of the meeting approved the following statement:

The Board of Directors of the United Grain Growers Limited, protest against any steps which will move in the crop year 1938-40 the protection of a guaranteed minimum price for wheat which has been accorded the great growing industry under the Wheat Board Act of 1935.

To remove that protection at a time when disastrously low world market prices prevail is to threaten a crisis in the welfare of farmers of the province, and to endanger the whole welfare of the prairie provinces, with possible serious consequences to the economic fabric of the Dominion, and to lead to a lack of business confidence in the west.

The Board endorses the stand which has been taken by the Western Committee on markets and agricultural readjustment set up following the wheat market for western farm products held in Winnipeg in December, 1938. It pledges itself to the continued support of the efforts of that committee, widely representative and including representation of this Company and of six other farmers' organizations of western Canada.

GUARANTEED WHEAT PRICE SOUGHT BY LINE ELEVATORS

The following statement was issued by Charles E. Hayles, president of the North-West Grain Dealers' Association:

"Line country elevator companies are actively supporting the demands of the Western Committee on markets and agricultural readjustment for:

- (a) The continuation of a wheat board for 1938-40.
- (b) The setting of a guaranteed price for wheat at least 80 cents for one Northern, basis Fort William.
- (c) The granting of subsidiary assistance to co-operate grain farmers and to farmers who may be affected by

AGRICULTURAL ASSOC. TO HOLD ANNUAL MEETING SATURDAY

The annual meeting of the Agricultural Association will be held in 1-2 Municipal office on Saturday afternoon starting at 2 o'clock. All members and their families are invited to attend since the question of holding an agricultural show this year will be brought up and discussed and an opinion of the idea is wanted by the officials. The officers of the Association are J. E. Ostrander, S. Dav, C. W. Halstead and J. McArthur. Directors: Donald McArthur, John Umbrite, Jas. Black, M. Bollinger, E. Ferguson, John Boyd, W. Sturmeister, Jack Webb and Arthur McBean.

A circular letter sent out by the secretary to the members says in part:

The purchase price of the grounds has been put in full and in addition we have over \$200 cash on hand. It gives some satisfaction to know that the Association is now in a position to devote our monies and energies to the purpose they were originally intended to be used that is for the benefit of the agricultural life on the community. We can still sponsor the 24th of May celebration but is that enough? Our retiring directors believe that we should save some money.

"While we cannot compete with other we certainly can compete with ourselves. We believe that through family as a interested enough to contribute \$1, each family, as its membership fee. Possibly the worst of all and we want you to come and help us decide. Fifty families interested would mean \$50 and these monies supplemented by other earnings of our association and donations, either in cash or in the shape of prizes is sufficient to make a worthy beginning. A moderate prize list should be all that is necessary to create the necessary competitive enthusiasm."

LOCAL NEWS ITEMS CRAIGANTON AND DISTRICT

Mr. H. Madson celebrated his 80th birthday last day. His daughter and grandchildren and some close friends enjoyed the day with him. Harry Laverdison was master of ceremonies and all present had a great time.

Mrs. J. B. Scribner is not improving in health, very fast. She has been ill for some time.

The farmers in this district are pleased to have David McBean for their councillor again and also sorry to lose Lars. We don't blame him for taking a trip to Denmark. Good luck to him!

Mr. Laverdison shipped a nice bunch of Cattle to Calgary last week and realized the top price for them.

Mrs. C. Shbeta had a very pleasant trip visiting with friends in the States for a couple of months. It seems Si has postponed his trip for a while, and Roger says they are not very sure whether he can cross the line as the officials are very particular now a days.

Miss Jessie Grant is at present visiting at the home of her parents, Capt. and Mrs. Grant.

Mr. David McBean spent the past week visiting with his daughter and son-in-law, Mr. and Mrs. Brown, of Olds. He also paid a visit to Edmonton and points north and says he had a very pleasant trip.

drought or other forms of crop failure.

"Three representatives of line country elevators were members of the delegation headed by Premier Bracken, which presented an extensive brief dealing with the western grain situation to the Dominion cabinet."

The North-West Grain Dealers' Association, whose membership is composed of line elevator companies, has a representative on the permanent western committee set up by Premier Bracken to study western conditions and is lending all possible assistance in an effort to find a solution for the serious problems which face western agriculture."

**YOUR HUSBAND WILL THOROUGHLY ENJOY
THIS DELICIOUS RECIPE FOR FISH**

IT IS ONLY ONE of the almost endless variety of tempting, inexpensive recipes that are so easily prepared from Canadian Fish... foods not only enjoyable, but packed with rich, nourishing goodness... with a liberal supply of precious minerals, proteins and vitamins that give the quick food-energy required to keep the menfolk feeling fit and strong for their work.

Over 60 kinds of Canadian Fish and Shellfish are available to you all year round, whether fresh, frozen, smoked, dried, canned or pickled. They provide a meal that's really 'ascrumpious' in any man's language.

Serve Canadian Fish and Shellfish several times a week.

The fier intercepted again. "At once, please, we go."

CHAPTER V.

Jim Allison and a couple of his friends had arrived at the field. "Evening, Percy!" Allison greeted the man who stepped forward. "Lieutenant Nathaniel's delayed, so I'll wait for him."

"Och, Capt'n Allison!" "Gas her, will you? Get the weather report. He'll want to hear it."

"I betcher! Told me he was off, at—"

"I told you he was delayed. Stay into it, will you?" Allison said sharply.

"Och, sir," He started away. "Dun' going to sit up straight and have a big roll of bedding to stay away."

"Tried and to it, sir."

"You do what you will. I'll take care of the bedding. You'll be all alone, understand?"

The man hurried off. "Walk with him this night," he told a youth in overalls, out of the corner of his eye. "He'll bite the head off you."

"Yeah? Had a couple drinks again?" He better cut that out.

The aviator did not answer. When Reedy and Lieutenant Thorwald drove up, and he older man saluted.

"She's purr! like a pussy cat, sir, but Cap'n Allison, he went home sick, poor fellow. He couldn't hold his head."

"He says you must have without him and he'll telegraph to Los Angeles."

"That's the Norseman problem. He turned to the medical student with a stiff bow. "I am obliged, sir."

"All right, then," Reedy said, relieved. "I sure hope there won't be any more jinx."

Reedy did not know. He was stepping swiftly about his ship, ice-blue eyes keen for the faintest glimmer in her upholstery.

Reedy ran back to his car, jumped in, backed and turned and idled into high and was off at top speed.

A parked car snapped on its lights and looked nosily, and he jammed the accelerator and came to a sizzling stop.

"Och?" Jim Allison asked, looking at the car.

"Well—Lord, I guess so," Reedy said. "Beads of sweat stood on his forehead."

"Boy! What a night!" "And what a day is coming!" someone in the flier's car contributed.

"Say, Jim, those doors don't fly open—"

"No," Allison said shortly. "Well—"

Reedy beat it back to the Pruett and rebarre his parts with Allison.

Sarah Lynn said to herself: "I can't possibly sleep with the music beating and pounding, but I don't know how to get my head in."

Her head ached hideously and her legs trembled. "But the air in her nostrils now was sharp and sweet and cold, and she was shivering."

"I'm pretending so hard that I'm actually asleep," she thought. "But won't open my eyes, because Duncan will think I'm asleep, and let me see."

"She's done it! Then I wonder if I could open my eyes..."

"They're so heavy. I never heard such a sound!"

"And there they come, pumping, thumping, thumping and pounding, and roaring."

"I think I'll open my eyes for a minute, now, but I'll keep right on making believe I'm not here." Then she was saying in a scared whisper: "I can pretend with my eyes wide open."

Sitting right here in the Stewed Pruett with the horrible pulsing of the motor, she was in a plane, up among the stars, flying away in the night!

Her teeth were chattering; her head was throbbing; her head was beating with pain. "But why am I pretending to be all wrapped up in sleep?"

"Oh, no! I can pretend to be asleep. I'll lie like this I needn't ever be afraid of anything again—not Arline, not Mother, nor Duncan, nor Detroit! Nothing will hurt!"

Her nostrils dilated and she pulled deep drafts of cold air into her lungs. Her head cleared, her feet felt light.

A rush of air, chill, stinging, sweet. A great round mound of dazzling plumes, stars, stars, stars. The steady pounding throb of a motor.

A small, compact space enclosing Sarah Lynn before her eyes. She turned before her—square shoulders in creamy leather, a head in a stately classical helmet.

Sarah Lynn heard her own voice in a strange whisper.

"Am I ever pretending—him?"

(To Be Continued)

A hundred years ago, archaeologists were bringing some of the ruins of Carthage to light.

Despite its name, the house depicted has only 30 legs—not 100.

WOMAN AGED WITH SCIATICA

Now Praises Kruschen

Now sciatica attacked this woman six years ago. She could not walk without great pain. Treatment after treatment failed to help her.

"I tried Kruschen and got quick relief. Six years ago, I suffered terribly from sciatica," she writes. "I tried Kruschen and got quick relief."

"I tried Kruschen and got quick relief. Six years ago, I suffered terribly from sciatica," she writes. "I tried Kruschen and got quick relief."

"I tried Kruschen and got quick relief. Six years ago, I suffered terribly from sciatica," she writes. "I tried Kruschen and got quick relief."

"I tried Kruschen and got quick relief. Six years ago, I suffered terribly from sciatica," she writes. "I tried Kruschen and got quick relief."

"I tried Kruschen and got quick relief. Six years ago, I suffered terribly from sciatica," she writes. "I tried Kruschen and got quick relief."

"I tried Kruschen and got quick relief. Six years ago, I suffered terribly from sciatica," she writes. "I tried Kruschen and got quick relief."

Alberta Oil Fields

British Admiralty Is Watching Development With View To Future

The admiralty is watching the development of the Alberta oil fields. Lieut.-Col. J. L. Lewis, first civil lord of the admiralty, told the House of Commons in London.

Replying to a question by Sir Percy Hurd, Conservative, Colonel Lewis said: "The admiralty is very interested in the development of these oil fields and should like to see the admiralty's specifications for production and marketing."

"The admiralty is very interested in the development of these oil fields and should like to see the admiralty's specifications for production and marketing."

TEACHER'S PENSION PLAN WILL BE CARRIED OUT

The province of Alberta has never had a teachers' pension plan although for more than a quarter of a century teachers have been joining out the value and urging the need of it. The Hon. J. R. Boyle Minister of Education in the Sifton and Stewart governments promised it but his promises were never fulfilled. The U. P. A. government recognized it as a need and it was carried out nothing except to pass a resolution empowering the minister to make grants to teachers who by reason of long service and disability were unable to continue in their profession. This was a straight fund for indigent teachers and has continued up until the present but even now not all indigent teachers are being cared for. Last year the government's expenditures for this purpose amounted to the insignificant sum of \$2340.00.

Alberta so far as its teachers are concerned is like a pensionless island in the British Empire as an economic island surrounded by operating and effective pension systems—the only "island spot" in the whole British Empire so far as pensions are concerned.

The government and especially the department of education and the Alberta Teachers Association have given much study and consideration to all the other systems in operation and as a result a proposed bill containing the best that could be learned from them has been drafted.

Very little money by way of contribution from the government will be necessary in the early stages of operation because the government does not have to contribute to the fund. The government matches with drawings from the fund only dollar for dollar. That is to say the government matches dollar for dollar what the fund pays to the beneficiary and not what the teachers pay into the fund.

Every teacher in elementary intermediate high technical vocational and separate schools will come under the provisions of the bill will not be retroactive and the bill will not be retroactive and will become effective on September 1st after receiving assent.

The proposed bill calls for a contribution of three per cent of the salaries from all teachers. Other funds received by the board will include gifts and legacies and income derived from the fund.

All school boards will be obligated to make the deduction of 3 per cent from every teacher's salary and to make the returns to the government every six months. The government will deduct from the school grants the amounts collected by the school board from the teacher, and the provincial treasurer will pay to the fund the amounts retained by the grants.

SAMMONS-McPHEE

A wedding of interest in Gleichen people took place in Calgary on March 1st when Miss Annie Beatrice McPhee was united in marriage to Mr. William Karl Sammons. Mr. Kenneth McPhee gave his niece in marriage. The bride wore a white satin dress and her veil was held in place by a coronet of orange blossoms. She carried a bouquet of roses. Miss Elsie Lepka the bridesmaid wore a long blue net over tulle with matching blue turban. She carried carnations. Mr. Denton Sammons was the groomsmen.

Town & District

Many people have been knocked out with colds for the past couple of weeks and some cases almost entire families are down.

At a children's festival held in Calgary Saturday under the auspices of the O.E.S. Gleichen and district girls and boys won several prizes. Flora Bell won the cup for art, also second prize for thrills for pupils 14 years and under. Edges Taylor won second prize in chess for pupils 18 years and under. Leona McBean won third in piano and vocal.

The Canadian Legion held a meeting last week which was well attended by members. I. Gove of Blackdiamond and Jim Egerton of Calgary attended the meeting. Full arrangements were made for the Vimy banquet and dance to be held on March 21st at Queenstown. A bird and cage is being offered for first prize at the banquet. Tickets will be sold for this. F. W. Jones was elected delegate to visit Edmonton on the occasion of the King's visit, when the veterans and their wives will meet the King.

W. Sutermeister, Massey-Harris dealer is entertaining with a fireplace show Monday evening in the Com. Hall.

Lou Jeffers slipped on the ice at his farm and broke his ankle. At present he is confined to his home in town.

Members and friends of the Meadowbrook Social Credit Group met on March 2nd for a social evening at the home of Mr. and Mrs. Thomas Wilson. Four tables of cutlery were played. The first lady prize going to Louise Moore and the first gentlemen's to Edward C. Cox. The social party was carried off by Mrs. R. B. Hayes and John Dav. A social hour and a very delicious supper concluded the evening.

CARD OF THANKS

We wish to express our gratitude to our friends for their kindness and sympathy to us in our recent bereavement.

MR. and MRS. HUGH J. JAMES.

UNITY CANDIDATE TO RUN HERE IN NEXT ELECTION

The Gleichen Provincial constituency will have a Unity candidate in the next general election and realignment of the constituency of all political parties will be canvassed to support such a candidate. This was unanimously declared at a meeting of representatives of practically all polling divisions at meeting held in

"A Pig in a Poke"

IN early days the word poke, meaning a bag, pouch or sack, was commonly used. We're told that a favorite trick at fairs was to tie a cat in a bag and sell it to a greenhorn for a sucking pig. If he opened the sack at the fair he "let the cat out of the bag." If he didn't discover the deception till he got home, he was laughed at for buying "a pig in a poke."

There's no such thing as "a pig in a poke" at EATON'S. Before each Catalogue is printed the experts in the EATON Research Bureau read every statement to be made regarding all the merchandise presented. Hence, if we say an article "All-Wool"—it is All-Wool. There's nothing vague—nothing uncertain—nothing that can be taken two ways. Always, you KNOW what you're getting.

That's why, at railway stations, docks and airports in the West, you see all our bags by the hundreds and freight by the ton from EATON'S—proof positive of the confidence our custom has in us.

EATON'S

Strathmore last Thursday.

Don J. McKinnon, Carver and farmer was the choice of the meeting as chairman of the Gleichen Constituency Unity Association to meet during the afternoon and was in charge as the representative of the residents of the constituency on the Unity Council which is charged with the task of developing a plan to be placed before the people prior to election date.

The 17 voters present heard John I. McFar and chairman of the provincial Unity Council, define the issues before Alberta today and appeal for harmony in meeting the issues in place of ineffective political division.

Life Insurance
 GUARDIAN OF CANADIAN HOMES

TODAY, thousands of farmers throughout Canada are associated in one great co-operative enterprise to guarantee financial security for themselves and their families. This organization—non-political and non-partisan—is Life Insurance. For years, it has protected farm homes in every section of our Dominion. Through Life Insurance savings, every farmer can provide funds for his retirement. He knows that Life Insurance—through good years and lean years—fulfills every guarantee 100 cents on the dollar.
